

The University of Findlay

College of Sciences

Summer 2025

The mission of The University of Findlay is to equip our students for meaningful lives and productive careers.

Course Number: ASLA 459 Clinical Veterinary Medicine: Australia Currumbin Wildlife Sanctuary

Credit hours: 3 credit hours

Class Time/Place: Loop Abroad Australia

Prerequisites, Co-requisites and Course Description

This course will give students practical experience in an exotics veterinary clinic, wildlife center, and/or animal sanctuary/shelter. Students will observe husbandry, diagnostic, and treatment techniques. When appropriate, the supervising veterinarians may also ask for assistance depending on a student's experience and abilities. Students will have the opportunity to see how husbandry, diagnostics, and treatment techniques are adapted to the unique management challenges at the center as well as the budget constraints of the animal owners or center. Students will encounter a variety of conditions and needs, which will help build examination, diagnostic, and research skills. Students are expected to observe and support veterinarians and assist only according to the veterinarian's judgment of patient condition and the student's experience level. The course is repeatable with a maximum of 9 total credits provided the topics are unique.

Instructor: Erica Ward, DVM

Instructor Contact Information: erica@loopabroad.com

Office Hours: upon request

Course Objectives:

The following Learning Objectives will be addressed or assessed as part of the course:

- **Apply** techniques in approaching, restraining and handling patients
- **Apply** physical examination techniques
- **Understand** how physical examination findings are linked with overall patient health
- **Apply** techniques in treatment and diagnostic sampling
- **Analyze** and interpret diagnostic results such as radiographs, blood analysis, cytology, and physical exam findings
- **Analyze** differences and similarities between host country and US clinic protocols and standards.
- **Evaluate** patient progress during treatment courses
- **Create** treatment plans for patients encountered during the course

Required Textbooks and Other Materials:

Students are not required to purchase these texts. All required texts, research articles and information will be provided in class.

- Optional: Clinical Textbook for Veterinary Technicians, 8th ed. McCurnin, Saunders, 2013.
- Optional: Saunders Comprehensive Veterinary Dictionary, 4th ed. Blood and Studdert, Saunders, 2012.
- Optional: Fowler's Zoo and Wild Animal Medicine, 8th ed. Miller, Fowler, 2014.

Instructional Strategies:

Case Analysis	x	Library and Internet Research	
Debate		Practice/drill	x
Discovery/Independent Research		Problem-solving	x
Discussion/Questioning/Interviewing	x	Reading assignments	
Experiential Learning	x	Role-playing/simulation games	x
Field Experience	x	Service Learning	x
Group Presentation		Video/Audio Review and Critique	
Laboratory Experiences	x	Other	
Lecture	x		

Methods of Assessment: Your course grade will be determined as follows:

Abstracts		Participation	x
Attendance	x	Peer Evaluation	
Capstone Project		Portfolio	
Case Study	x	Portfolio Lab Performance	
Exams	x	Presentations	x
Group Projects		Professional Evaluation	x
Homework Assignments		Quizzes	
Internet Research		Research project	
Journaling	x	Other	
Lab Performance	x		
Oral/written review of literature			

Grading: Your course grade will be determined as follows:

Exam(s): 20%

Homework Assignment(s): 60%

Class Attendance, Participation, and Lab Performance: 20%

Assignments will be completed while the student is participating in the Loop Abroad program. The exam will be proctored on the last day of the program and will be a closed book exam. Completed writing assignments should be submitted to your assigned veterinarian instructor in a word document or google document by the designated time and due date. Details on the assignments and assessments will be distributed on the first day of the program.

Throughout this course, instructors will assess students on their participation in labs and activities both in and out of the classroom. To do well on this assessment:

- Be sure to do your best in all labs and activities and complete corresponding handouts and pages in workbook
- Be an active and engaged participant (pay attention during class, volunteer answers, ask questions, etc)
- Be a team player and be helpful to your peers and instructors both in and outside the classroom
- Be prepared and on time for all activities

Please note: this is not an exclusive list. A student's behavior, attitude, and actions throughout their Loop Abroad program may have an impact on their Participation and Performance Score.

Grading Scale/Distribution:

Grade	Points	Grading Scale
A	4.00	93-100
A-	3.67	90-92
B+	3.33	87-89
B	3.00	83-86
B-	2.67	80-82
C+	2.33	77-79
C	2.00	73-76
C-	1.67	70-72
D+	1.33	67-69
D	1.00	63-66
D-	0.67	62-60
F	0.00	below 60
U	0.00	

University Honor Code:

Each and every student of the University will adhere to the following Honor Code:

"I will not knowingly engage in any dishonorable behavior, cheat, steal, lie, or commit any act of plagiarism during any academic work, course, or endeavor. If I observe an act which I believe violates the University's Honor Code, I may, at my discretion, report it to the appropriate personnel."

Student Acknowledgement of University Honor Code:

"I acknowledge that I have fully complied or will comply with all aspects of the University's Honor Code in submitting this work."

Student Rights and Responsibilities Statement, Article VIII-Academic Integrity:

<http://catalog.findlay.edu/en/current/Undergraduate-Catalog/Student-Rights-and-Responsibilities-Statement/VIII-Academic-Integrity>

University Diversity Statement:

As part of our commitment to achieve excellence, the University of Findlay values and actively promotes a welcoming and supportive environment that honors the many aspects of diversity. We aspire to foster acceptance of, respect for, and appreciation of all persons in our campus community. We celebrate our commonalities and unique differences, and we acknowledge that diversity broadens learning, stimulates creativity, promotes the exchange of ideas, and prepares our students for meaningful lives and productive careers.

Course Policies and Practices:

Attendance and Participation Policy

Students are expected to attend all class meetings for which they are registered. This is regarded as a matter of individual student responsibility. The only excused reasons for absences will be illness that impairs the ability to attend and function within the classroom setting or an unavoidable personal emergency.

Students are expected to attend all class sessions on all days of class. It will be the responsibility of the student to contact the course instructor or site director, preferably before the absence, to provide the appropriate documentation and verification for the reason for the absence, and to make arrangements with the course instructor for missed work. Students are responsible for all missed class material. Students may be subject to limited participation in hands-on practice at the instructor's discretion if they have missed the underlying material needed to safely perform the task at hand.

Final Exam Date: Final full day on program, refer to Loop Abroad program schedule

Special Services: If you are a student with a disability, it is your responsibility to inform your instructor and register with the Office of Disability Services (ods@findlay.edu) at least one week prior to a needed service so reasonable accommodations can be made.

Course and Instructor Evaluation: Each student is expected to complete the course and instructor evaluation which is sent electronically to the student by the Office of the Registrar. The electronic notification comes in the form of an e-mail from the UF Registrar's Office with the following subject line: Online survey for the designated course (e.g., BIOL 102).

Last Date of Attendance Policy: Instructors are required to indicate the last known date of attendance when a final grade of "F" or "U" is assigned to a student.

Tentative Course Outline:

Based on the program location, these are possible lecture and lab topics. A class section may have several labs or lectures that correspond to one or more of the topics below.

Possible Lectures:

- Ethogram Tutorial
- Rehab Tour
- Biology and Conservation of Pelican and Eel
- Biology and Conservation of Koalas and Tasmanian Devils
- Immobilization and Anesthesia
- Veterinary Radiology
- Animal Welfare, Ethogram and Enrichment
- Remote Drug Delivery Systems
- Care and Rehabilitation of Oiled Birds
- Aboriginal Culture Talk
- Feather Imping: the ancient art of feather-mending
- Australian Birds
- Care and Rehabilitation of Burn Victims in Veterinary Medicine
- Veterinary Endoscopy
- Carnivores and Omnivores
- Koala Tracking
- Australian Herbivores
- Gum Tree Identification and Koala Nutrition
- Reptiles and Amphibians
- Echidna Breeding
- Care and Considerations of Turtle Shell Repair

Possible Labs:

- Self-Guided Sanctuary Exploration
- Clinical Shadowing
- Behavioral Observations and Ethograms
- Prepare and Implement Enrichments
- Conservation Workshop at the Beach
- Necropsies
- Suturing Lab
- Clinical Skills Lab
- Bandaging Lab
- Excursion to Observe and Study Wild Kangaroos and Koalas
